

THE NEW VALUE FRONTIER

PT600M

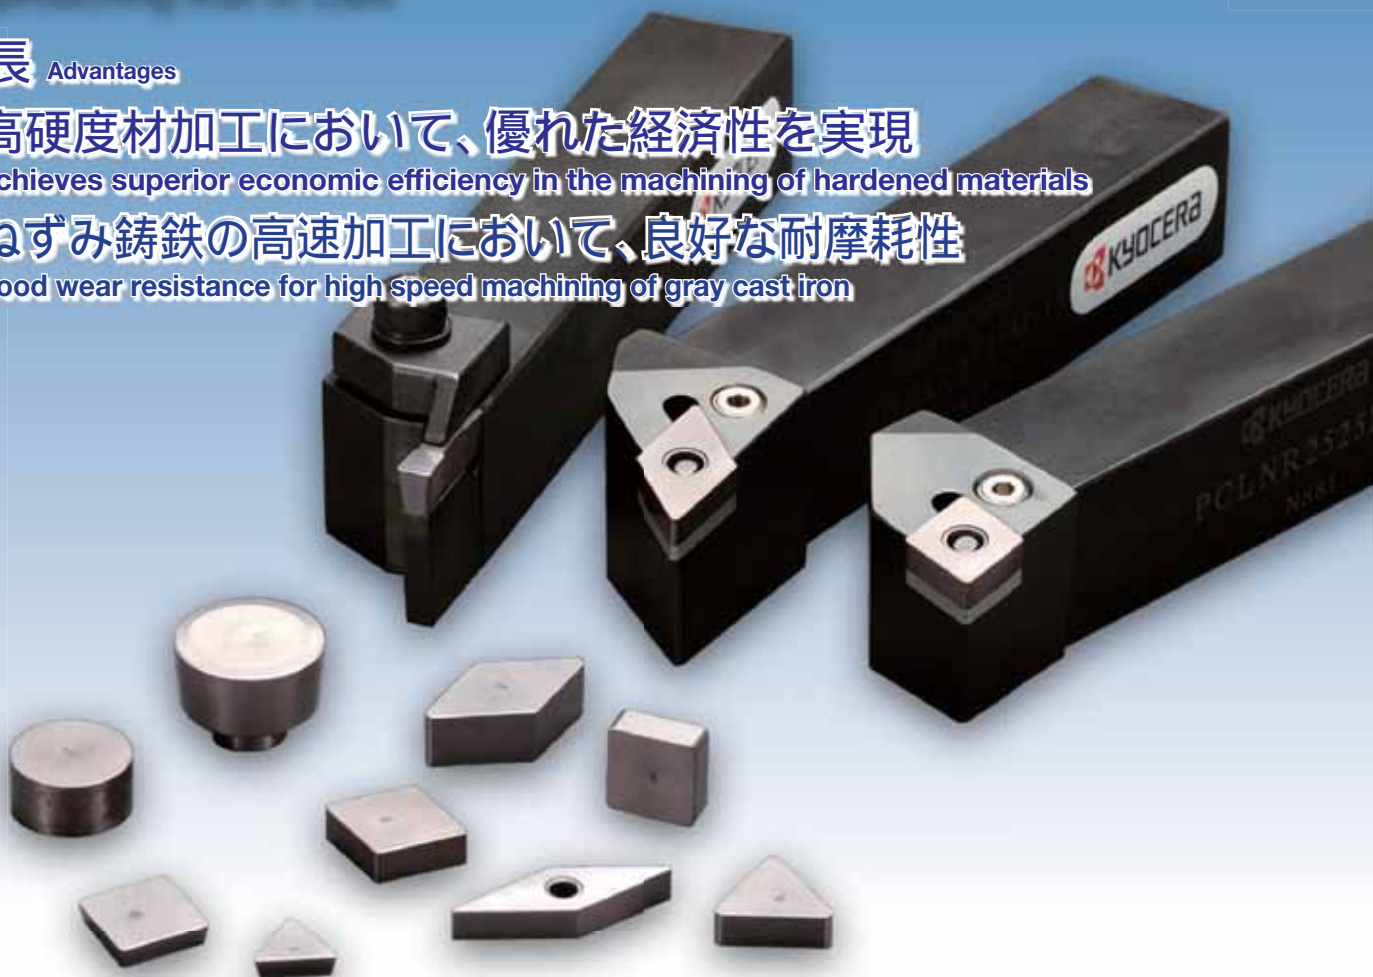

MEGACOATセラミック Ceramic

MEGACOAT(メガコート)採用により、
CBNに迫る大幅な長寿命化を実現

With the use of MEGACOAT, it achieves a significantly longer tool life
approaching that of CBN

特長 Advantages

- 高硬度材加工において、優れた経済性を実現
Achieves superior economic efficiency in the machining of hardened materials
- ねずみ鋳鉄の高速加工において、良好な耐摩耗性
Good wear resistance for high speed machining of gray cast iron

ADVANCING PRODUCTIVITY
